25X1C 5. (Confidential - CEA) Spoke to Al Tarabochia, Chief Investigator, Senate Subcommittee on Internal Security, about the necessary corrections in the testimony of [REDACTED] Tarabochia said this poses no problem and that we should simply eliminate the undesirable portions and the Subcommittee would include this information as an addendum representing Committee evidence rather than that of the witnesses.

25X1C 6. (Confidential - JGO) After conferring with Mr. Houston, I talked to Mr. Daniel Manelli, Staff Attorney, House Interstate and Foreign Commerce Committee, concerning the Committee's investigations in connection with the production of a CBS network news program. After the discussion Mr. Manelli agreed that from his point of view there would be little real benefit in testimony by Agency representatives or formal correspondence with the Agency. In consequence, he will "let the matter lay." He is in the process of drafting the Committee report of the hearings and will call me when it is completed. He feels it is in our interest to review the draft to ensure that Agency interests are properly safeguarded. In effect, he intends to state in the Committee report that the Committee has satisfied itself that no significant contacts were made by CBS with Government representatives. At present he intends to describe [REDACTED] as an individual of known marginal responsibility or capacity with the Agency. See Journals of 16 September 1969, 6 and 13 January 1970.

1. (Unclassified - JGO) Called Mr. Paul Goulding, Assistant to Senator Claiborne Pell (D., R.I.), and told him that an appointment had been made for [REDACTED] 2:00 p.m., Wednesday, 10 February, with [REDACTED] Office of Personnel. I also advised that the resume forwarded with his note had been put in process.

2. (Confidential - GLC) Received a call from Representative John O. Marsh (D., Va.) who returned last night from his extensive travel in Vietnam and Laos. At his suggestion, I met with him at his home for about three hours during which time he reviewed some of the highlights of his trip. Mr. Marsh is planning to visit Headquarters Monday morning to go over some of his travel in Laos. (See Memo for the Record for details.)

3. (Unclassified - GLC) Talked with Teddy Roe, on the staff of Majority Leader Mansfield, who said the UPI item indicating that Senator Mansfield would be traveling to Jordan was an error. Senator Mark O. Hatfield (R., Ore.) is making this trip.

4. (Confidential - CEA) Spoke to Garner J. Cline, Counsel, House Subcommittee on Immigration and Nationality, concerning the possibility of shortening the residence requirement for citizenship for [REDACTED] by a private bill. I explained that we are not sponsoring this and that I was merely inquiring what he thought the attitude of the Committee would be. Cline said that with someone of this stature it was difficult to forecast what might happen, but that he personally would be very much opposed to shortening the five year period as it would establish a precedent with which they could not live.

25X1A 5. (Confidential - LLM) In response to the Congresswoman's letter, met with Susan Novak, Case Assistant, and Patti Tyson, Executive Assistant to Representative Margaret Heckler (R., Mass.), and gave them the essential facts in the case of [REDACTED] retiree in 1957. They seemed to fully appreciate the background and it was agreed that a letter from us outlining the disposition of the case would help them to close it out in their office.

6. (Unclassified - JGO) Received a call from Miss Sally Hovey, in the office of Representative Clarence E. Miller (R., Ohio), who requested that I come by at 11:00 tomorrow morning to see the Representative. Miss Hovey stated she did not know what the Representative wanted to see me about.

25X1C 7. (Confidential - CEA) Al Tarabochia, Chief Investigator, Senate Internal Security Subcommittee, called to inquire when we would be finished with the transcripts of the testimony of [REDACTED]  
25X1C [REDACTED] I told Tarabochia that there are considerable problems with these transcripts because the testimony had apparently been mixed up and it would be possibly some time before we would be able to return them.

25X1C 8. (Confidential - JMM) Called Raymond Barnes, Administrative Assistant to Representative John J. McFall (D., Calif.), and told him we appreciated the offer of [REDACTED] to cooperate with  
25X1C the Agency in connection with an expedition [REDACTED] is planning to the  
25X1C [REDACTED] but we could not make use of his services at this time.
